Santa Clara University, *Santa Clara, CA* Sep 2023 - Present
Bachelor of Science in Commerce: Management Information Systems
Minor: Computer Science

- Relevant Coursework: Database Management Systems, Systems Analysis & Design, Advanced Theory of Algorithms, Data Structures & Algorithms, Computer Communication Systems, Computer Security

Work Experience

Student Research Assistant | Santa Clara University | *Santa Clara, CA* Oct 2026 – Present
Agroecology, Climate Resilience and Food Justice Lab

- Revised SCU's Qualtrics basic needs survey and built bot defenses block fraudulent raffle responses.

Software Developer Intern | Pacxa | *Honolulu, HI* Jun 2026 - Aug 2026

- Built a workforce platform for the U.S. DOE CTO Challenge connecting job seekers and employers.
- Developed an employer workflow to create, edit, and manage job postings.
- Developed a centralized talent marketplace aggregating jobs, certifications, and career pathways.
- Designed responsive pages for employer onboarding and job listings to improve engagement.

Web Developer | Front Door Communities | *San Jose, CA* Apr 2026 - Jun 2026

- Prototyped a multi-page responsive website to streamline user navigation.
- Architected a custom CMS integration to help non-technical staff to independently manage the site.
- Managed the full development lifecycle from requirement gathering to full-stack implementation.

Software Developer Intern | Pacxa | *Honolulu, HI* Jun 2025 - Sep 2025

- Designed a mismatch reporting system to validate customer and product data, reducing manual reconciliation time by 50%.
- Developed a Next.js web app with search and filtering for efficient data validation.
- Integrated Azure OpenAI for entity resolution to normalize inconsistent customer name entries.
- Refactored a Power Apps talent management tool into a Next.js web app with AI-powered semantic skill matching for HR and managers.

Core Skills

Programming: Python, C++, JavaScript, TypeScript, SQL, HTML/CSS
Software: Next.js, Node.js, Chakra UI, React, MongoDB, Azure OpenAI, Git, WordPress, Figma

Leadership Experience

Sophomore Peer Advisor | Santa Clara University | *Santa Clara, CA* Sep 2026 – Present

- Advise sophomore students on degree progress, course selection, and core requirements.

Community Service Volunteer | *San Jose, CA* Sep 2025 – Dec 2025

- Volunteered with a local organization to prepare and distribute meals to individuals experiencing homelessness in downtown San Jose.
